Refer folio (4) of PVV Report for M/s World - Oil Tanzania Ltd did not apply and utilize duty incentives for the imported 280 trucks, because the trucks were purchased from Scania Kenya. Therefore there were no duty on importation - due to EAC Preferential ~~on importation~~ <sup>Treaty</sup> Currently the investor has a plan to purchase 200 trucks from outside East Africa Community Member States and the investment Project is within five years of implementation period as required by TIC.

I humbly submit for your further actions,
