

23

*The Tanzania Shipping Agencies (Dry Port) Regulations, 2018*  
*G.N. 341 (contd.)*

equivalent in:

- (i) transport logistics;
- (ii) maritime transport; or
- (iii) ports and shipping.

(2) The licensee shall ensure that the proposed location for a dry port is linked to all-weather passable road or railway transport infrastructure.

(3) A licensee shall pay annual levy in accordance with the Tanzania Shipping Agencies (Service Provider Levies and Fees) Rules, 2018 and non-payment of the levy shall constitute a breach of conditions of licence.

Validity of licence

13. A dry port licence shall be valid for a period of five years commencing from the date of its issuance.

Renewal of licence

14.-(1) A licensee may, upon expiry of a licence, apply for renewal of the licence for another term of five-years.

(2) An application for renewal of a license shall be made in the prescribed Form No.1 as set out in the First Schedule to these Regulations.

(3) The Corporation shall renew a dry port licence upon-

- (a) being satisfied that licence eligibility, requirements for renewal of licence and conditions of licence under these Regulations have been complied with; and
- (b) payment of application and licensing fees prescribed in the Second Schedule to these Regulations.

Requirements for renewal of licence

15.-(1) An application for renewal of a license shall be accompanied with the following-

- (a) a certified copy of a valid business licence;
- (b) in relation to a licence under the category of inland Clearance Depot, a certified copy of the licence for operating a Customs bonded area issued under East African Community Customs Management Act;
- (c) a certified copy of fire safety certificate issued under the Fire and Rescue Act;
- (d) a certified copy of the certificate issued under the Occupational Health and Safety Act;

Act No.  
1 of 2004

Cap. 427

Cap. 297

- (1).
- (4) Where the Corporation-
- (a) is satisfied that the provisions of regulation 5 have been complied with, the Corporation shall issue the applicant with the licence in the manner set out in Form No. 2 of the First Schedule;
- (b) has refused to issue a license, the Corporation shall issue the applicant with the notice in a manner prescribed in Form No. 3 of the First Schedule.
- Issuance of licence
8. The Corporation shall issue a dry port licence upon-
- (a) being satisfied that the requirements for application of the licence and conditions of licence under these Regulations have been complied with; and
- (b) payment of application and licensing fees prescribed in the Second Schedule to these Regulations.
- Refusal and reasons for refusal to issue licence
- 9.-(1) The Corporation may refuse to issue a license where an applicant fails to comply with the requirements of licence prescribed under the Act and these Regulations.
- (2) The Corporation shall not issue a licence unless the facility for which the licence is applied for is located thirty kilometres or more from a port terminal which the dry port is intended to serve or unless its operations are confined to stuffing of export containers or is a grain silos serving bulk cargo in accordance with the East African Community Customs Management Act, 2004.
- (3) The provisions of subregulation (2) shall not apply to Empty Container Depot.
- Loss of licence
10. Where a licence issued under these Regulations is lost, mutilated or destroyed, the Corporation may, upon payment of a fee prescribed in the Second Schedule, issue a duplicate of the licence to the company which was issued with the original licence.

**RE: EXTENTION OF ICD LICENCE VALIDITY FOR SIX (6) MONTHS**

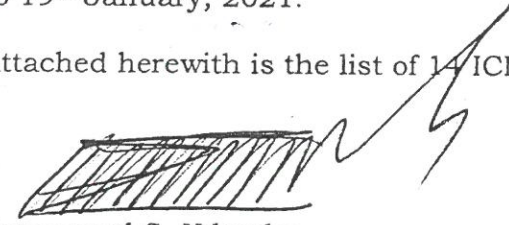

Regulations 6(1)(f) and 9(2) of the Tanzania Shipping Agencies (Dry Port) Regulations, GN No. 341 of 2018 require an ICD facility to be located 30 kilometers away from the port unless its operations are confined to stuffing of export containers, is a grain silo or, in accordance with regulation 9(3), is an Empty Container Depot (ECD).

Furthermore, regulation 31 of GN No. 341 allows an ICD which existed within 30 kilometers from the port at the time of coming into force of the GN to continue with its business for a transition period of one (1) year after commencement of the Regulations unless the Corporation extend the transition time.

Existing licence for Inland Clearance Depot (ICD) will expire on 19/07/2020. However, the TPA's Kwala facility is not ready to handle the operations of ICDs while the existing licensees have not put in place necessary facilities to relocate their operations to 30 kilometres away from the port as required by the Regulations.

In view of the above and on the basis of this letter, TASAC is hereby extending the validity of existing licences for ICD facility that are located within 30 kilometers from the port for a period of Six (6) Months. This extension is effective from 20<sup>th</sup> July, 2020 to 19<sup>th</sup> January, 2021.

Attached herewith is the list of 14 ICDs which are covered by this extension.

**RE: EXTENSION OF LICENCE VALIDITY FOR TWELVE (12) MONTHS**

Please refer to our letter with reference number DA.82/102/O1B/62 dated 16<sup>th</sup> July, 2020 that extended your licence for six months up to 19<sup>th</sup> January, 2021.

The licence was extended for Six months validity to comply with requirement of location of ICD facilities to be thirty kilometers or more away from the Port of Dar es Salaam in accordance with the Tanzania Shipping Agencies (Dry Port) Regulations, 2018 (Government Notice No. 341).

Regulations 6(1)(f) and 9(2) of the said GN No. 341 require an ICD facility to be located 30 kilometers away from the port unless its operations are confined to stuffing of export containers or is a grain silo or, in accordance with regulation 9(3), is an Empty Container Depot (ECD). Furthermore, regulation 31 of GN No. 341 allows an ICD which existed within 30 kilometers from the port at the time of coming into force of the GN to continue with its business for a transition period of one (1) year after commencement of the Regulations unless the Corporation extend the transition time.

The Corporation, exercising its mandate under regulation of GN. 341 of 2018, is intending to re-extend validity of your licence for a period of twelve months as from 20<sup>th</sup> January, 2021 to 19<sup>th</sup> January, 2022 for willing licensees.

If you are willing to continue carrying out the business of Inland Clearance Depot as expressed above, please confirm in writing by 14<sup>th</sup> January, 2021 and submit evidence of payment of annual levy. The licence extension will not attract licence fee.
