39. EXD - (F24; M 35 & M 36)

We have reviewed the additional submitted Shipping documents as shown in the attached annexures 1-7 and noted that most of the items were ordered between August, 2019 and early this year (February, 2020) from the manufacturers (South Africa, Hongkong and Germany). These countries were also being affected by COVID 19 which led to not being manufactured on time due to ^{pandemic} restrictions in those countries.

Implementation period of the Certificate of Incentives given was as from August, 2016 - August, 2020 (extended on 8/4/2019); and it is our hope that if everything would have gone smoothly, this project would not need extension of Certificate of Incentives to another one year. In this aspect, we recommend additional one year to enable the project completion of business case.

I humbly submit for your guidance.
