To

Office of the Executive Director

Tanzania Investment Center,

Government of the Republic of Tanzania

Dar es Salam

Tanzania

Dear Sir,

Subject: Expression of the interest to register project with TIC and to apply for certification for Incentives.

We take this opportunity to approach your high office in connection with granting to register our cement manufacturing new project and request for certificate for incentives.

As you are aware that the Tanga plant can only produce the clinker, and it has no capacity to produce cement. However, we intend to initiate the new project to construct it as the cement manufacture industry. After the completion of the project, the plant will possess cement capacity at least 4000 TPD.

We now request your kind cooperation to facilitate for registering the above said projects and issuing of Certificate of Incentives and other tax exemptions as per the policy of the Government of the Republic of Tanzania. This will encourage us as a new investor and executing the smooth construction/Projects and prove as one of the largest integrated cement facilities in East Africa

You will appreciate that after committing a huge investment of USD 70 M in Tanzania for the new project in Tanga, MLL will be one of the largest cement capacities in Africa to make the country self-sufficient in production and saving of lot of foreign exchange and increasing employment in Tanzania. We expect a smooth process for timely approvals of Registration and Issuing of Special incentive Certificate.

In light of the above and in the interest of expediency we request you to allow us to file our application for Registration and Certification for Incentives.

We request your support and consent as above at the earliest.

Yours Sincerely,

Maweni Limestone Limited

Jing Changxi

Country Manager
