

Immigration now rebuts deportation rumours

From NASHON KENNEDY in Mwanza
 THE Immigration Department in Mwanza Region has strongly refuted circulating reports on social media that authorities in Uganda have deported Tanzanian traders who had entered the country for business purposes due to Covid-19 fears.

Mwanza Regional Immigration Officer Assistant Commissioner of Immigra-

tion, Bahati Mwaifuge said the alleged nine traders were not businesspeople as reported on social media.

According to the regional Immigration boss, the alleged individuals were Mv Upendo Ship's crew who had ferried cargo to Jinja in Uganda on February 16, this year.

She said after offloading cargo in Jinja the workers with their vessel, which is owned

by Mr Timothy Kilumile, travelled to Kisumu for the same purpose and again returned to Jinja.

"After returning to Jinja from Kisumu in Kenya, they were stopped by police officers for Immigration clearance procedures, including undergoing health screening for coronavirus," she added.

Ms Mwaifuge said she spoke to the captain of the ves-

sel, Mr Juma Mchalahanya, and the executive director of the company, Mr Timothy Kilumile, who confirmed that the nine people were not traders, but the ship's crew.

She added that they were safe and were going on well with their activities as usual as they had followed all Immigration laws and procedures.

"Let me use this opportunity to ask journalists before they

report or broadcast anything for public consumption, especially at this time of the coronavirus pandemic, let them investigate and balance their stories with authorities who are concerned," she said.

For his part, Mv Upendo Executive Director Timothy Kilumile said he was shocked with the circulating news, saying the alleged nine people who were said to be businesspeople

were not returned to Mwanza by the Ugandan government for fearing the COVID-19 pandemic.

"The nine traders are the crew of my ship and they have never travelled back to Mwanza, but they left the country on February 16, this year, for Uganda even before the deadly disease plagued our country," he said, reminding the journalists to work professionally by

making research and coming out with true and balanced stories.

Meanwhile, the Immigration Department in the Mwanza Region has arrested six illegal immigrants during its operation mounted from March 17-23, this year, according to the regional Immigration boss.

Speaking to reporters, Mwanza Regional Immigration Officer Assistant Commis-

sioner of Immigration, Bahati Mwaifuge said out of the six arrested illegal immigrants three were Burundians. According to Ms Mwaifuge, one of the illegal immigrants is alleged to be bearing the nationalities of either Kenya or Rwanda while the remaining two also claimed to be Tanzanians, but the authorities are investigating to establish the genuineness of their claims.

The accused was not asked to enter a plea as the District Court has no jurisdiction to hear murder cases.

Ngara District Magistrate Ferdinand Kirumbe adjourned the case No 4/2020 until April 4, this year, and ordered the accused to be remanded.

Govt hailed for renovating city roads, drainage system

From SULEIMAN SHAGATA in Mwanza
 TRADERS and residents in Mwanza City have commended the government for renovating road and drainage infrastructure that has helped to address some challenges facing them during the rainy season.

enabled them to go to mosque even during the rainy season without experiencing floods as before.

A trader, who preferred anonymity, said previously the draining system in the area was very poor and could not allow rain water to flow easily, but then the problem had been solved after the rehabilitation of roads and drainage system.

They said infrastructure rehabilitation had enabled them to continue with their work even during the rainy season because the drainage system allowed water to flow quickly.

Speaking to 'Daily News' in Mwanza City yesterday the majority of traders and residents of Lumumba Street said previously the area flooded with water during rainy season, which made it difficult to do their businesses.

Mr Ali Juma, who is a shopkeeper at Lumumba Street, said their long time problem had been solved after the improvement of infrastructure.

It is high time construction tenders were given to local companies because one of the local companies has helped to end the problem of floods in this area after improving the drainage system," he said.

Singshaba Mosque-goers also praised good work of constructing road and water trenches in the area and now they are able to go to mosque without problem during this time of rainy season, but previously they were forced to wait until the dry season.

Murusagamba residents to get banking facilities

From DAILY NEWS reporter in Bukoba
 PLANS are underway to extend banking facilities to reach hundreds of Murusagamba residents in Ngara District, it has been said.

Ngara District Commissioner (DC), Lt Col Michael Mtenjele, told 'Daily News' during an interview that plans were underway to extend

banking facilities to reach Murusagamba Ward and Rulenge Division.

"Recently, we convened a full council meeting and one of the agenda items was to extend banking facilities to Murusagamba Ward and Rulenge Division. Officials under NMB and CRDB banks also attended the meeting. We are hopeful that the banking services will start

in due time," he said.

Ngara District Council Chairman Erick Nkilamachumu appealed to NMB and CRDB banks to open branches in Murusagamba Ward, noting that customers had to travel long distances to Ngara to access banking services.

"The distance from Murusagamba to Ngara Township is almost 104km and this poses

a big challenge to them," he said.

NMB Ngara Branch Manager Godfrey Martin and CRDB Branch Manager, Herman Balangira both expressed the necessity to have banking facilities in Rulenge and Murusagamba, adding that they had submitted applications to their headquarters for further action.
