Attn.: Dr. Maduhu Isaac Kazi – Executive Director,

Dear Sir,

Re: ADDITIONAL INFORMATION FOR APPLICATION FOR EXTENSION OF HTT INFRACO LIMITED CERTIFICATE OF INCENTIVES

Kindly refer to the heading above and our application letter dated 31 August 2020.

We would like to extend our sincere appreciation to TIC for considering our application and for the meeting held on 18th November 2020 to discuss further HTT Infraco Limited's business progress for your understanding, and allow us to explain to you the reasons for requesting extension of the certificate of incentives with reference 0224179 dated 02nd September 2019.

As per your request during the meeting, please find attached additional information enclosed with this letter and as listed below:

- Company profile
- Summary report on CSR activities
- Summary report on the number of days it takes to process NEMC and other permits
- Summary of utilization of current capital goods list

We highly appreciate your support and look forward to your positive feedback.

Yours sincerely,

.....
Michaela Marandu
Head of Legal Department
HTT Infraco Limited

Hi Salima and Team

We have received confirmation that the vessel arrived 01/11/2020.

If the team can please confirm accordingly as we believe MSC is struggling with their updates due to the Covid outbreaks being faced in Europe.

Kind regards

Derek F Botha

PROJECT EXECUTION LEAD TIME – PERMITS PROCESSING

HTT appreciates the support from the Government on permits which are required before construction of a site commences. However, it may speed up projects execution if the lead time will be fewer days than the current average.

Below is a summary of how long it takes to process permits and/or authorizations for site construction:

SN	Activity	Estimated Lead time
1	Lease Agreement with landlord	10 to 20 days
2	Local consent from local government	14 to 20 days
3	Tanzania Civil Aviation Authority permit	20 days
4	Environmental Impact Assessment (EIA) Permit from NEMC	90 to 105 days
5	Building Permit from Municipal/District councils	20 days
	Average total	170 days

Note:

- Some municipals require EIA permit before issuing the Building Permit otherwise the process can be 20 days earlier.
- The earlier the permits can be processed, the quicker the projects can be accomplished.

With respect to EIA permit and Building Permit, below is a list of sites applied from September 2019 to date.

SN	Site Name	Region/WHS	Actual submission to NEMC	Planned Date	Actual Date EIA Permit	No. of Days	Building Permit Application	Building Permit Actual Issued	No. Of Days	Total Days for EIA + Building Permit	Status Remarks
