ACHIEVEMENTS ON PROJECT IMPLEMENTATION STATUS

The following are the achievement of the projects:

- ✓ From its icemption the factory has expanded its operations to one additional factory facility with all cooling and drying equipments built on a leased area opposite the original location on Plot number 005/034 TBL ROAD, Pasiansi Chini, Iloganzala Ilemela Municipality Mwanza.
- ✓ We have as well managed to set up one more cold area and office structure at our original location on Plot number 005/036 TBL ROAD Pasiansi Chini, Iloganzala Ilemela Municvipality Mwanza
- ✓ The project has managed to employed 8 male foreign employees, 258 Local employees of whom 68 are male and 190 are female. This entails increase of labour force from 50 local employees the project started with

PROBLEMS AND SOLUTION

Currently, the sector is faced with a lot of challenges as follows:

- ✓ Multiplicity of taxes and levies from several government institutions,
- ✓ High rate of royalties to fisheries,
- ✓ High rate of processing and export licenses and challenges on transport to foreign markets.

In order to solve these problems we have had a number of discussions with the Minister of Fisheries, The Permanent Secretary of the same Ministry, the Minister of Works, Transport and Communications. The Responsible Ministries have started working on these challenges and hope in the next Financial year our concerns will, to a large extent, be taken care of.

FUTURE PLANS

Our plan is to expand our factory to the level of employing at least 500 local employees and processing and exporting about 20 o 25 tones per month. To archive this we are planning to commence negotiations with owners of the neighboring land for lease purposes so that we can build more processing facilities
