RE: REQUEST FOR RE-ISSUANCE OF TIC CERTIFICATE OF INCENTIVES

Tarime wood and Poles Treatment Plant Company Limited is a Tanzanian Incorporated Company located in Tarime Mara Region with certificate of incorporation number 042671 registered in 2015.

The Company which was solely owned by Tanzanians failed to implement its project for the reason that we failed to secure funds to implement our project as per our agreed arrangement by one of the bank in Tanzania.

The company has now managed to secure a new Joint Venture with a Kenyan Company Truck City Limited which is ready to finance the project in terms of securing the machinery and all the equipment for the project and we are looking forward to establish our manufacturing project in the same location at plot number 01. in Tarime, Mara Region. Our plan is to ensure a successful project implementation by the end of July. We expect to be fully operational by the end of this year.

Based on that we therefore bid to request for re-issuance of TIC Certificate of Incentives so as to benefit from the Investment Incentives

as prescribed by Tanzania Investment Act of 1997 since we were not able to utilize the first granted incentives.

With this letter we attach the following documents for consideration of registration of TIC Certificate of Incentives;

1. TIC Certificate of Incentives
2. Un utilized granted TRA Exemption list

We sincerely hope this would be considered positively.

Peter Mwera

Director

TARIME WOOD & POLES TREATMENT PLANT LIMITED
