SUB: Application for replacement of Certificate of Incentive

Dear Sir:

Hengya Cement (T) Co., Ltd is the company duly incorporated in the United Republic of Tanzania and it is allowed by its Memorandum and Articles of Association to engage in the business of cement production and incidental goods hence a need of applying for Certificate of Incentive and renewing it every year.

Hengya original project location was in Kwale and Mtimbwani ward, Mkinga district, Tanga, however, due to the rejection of application for dedicated jetty by TPA, Hengya cement have to shift the factory back to Amboni, Tanga city; due to the product export volume and the production capacity have been limited without the dedicated, we have to adjusted our investment amount to 530 million US dollars, of which 7,500 new dry process clinker cement production line, 2*25MW captive coal-fired power station and 12MW waste heat recovery power system .The detail feasibility study please refer to the Attachment.

We sincerely invite TIC to renew the information of certificate of incentive according to Hengya's application as soon as possible so that push the smoothly construction of the project. Thank you for your continuous help and support.

Hengya Cement (T) Co., Ltd

Managing Director – Mr. Ping Li
