RE: APPLICATION FOR RENEWAL OF CERTIFICATE OF INCENTIVES

Dear Sir,

The above heading is self-explanatory, we do hereby submit our application letter for renewal of Certificate of incentives from your good office. Our certificate expires on 12th March, 2020.

Our company, **Jordan motorcycles Co. Ltd**, deals with assembling and selling motor cycles. We are your customer as per our certificate of incentive No- 043007 issued to us on 12th March, 2019 as a renewal.

We do apply for this certificate because we have already ordered one assembly plant from the manufacturer in China, to complete our proposal and expectations of installing the second lane. The manufacturer is already making final touches, we are preparing to pay and import the said assembly plant to Tanzania.

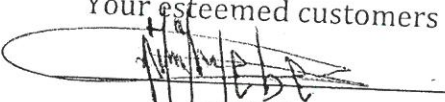

Our previous plans was to buy three trucks for the company, we managed to buy one new SCANIA semi-trailer with Reg No: T 870 DRD / T 548 DRQ, we didn't use our TIC certificate for importing this vehicle. We paid in full Tshs 100,000,000/= (One hundred million Tanzanian shillings), there was a fault from the country of importation.

Now we have ordered two new HOWO trucks from China to make transportation of CKD motorcycle stable, our certificate is expiring as afore said. Sir, If you add us another certificate, we will fulfill our expectations.

We want to make use of this certificate for the assembly plant and two HOWO trucks as applied before

We remain sir

Your esteemed customers

HEZRON N. MWAKEMBE
