Executive Director,  
Tanzania Investment Center,  
Shaaban Robert Street,  
P.O. Box 938,  
Dar es Salaam, Tanzania

Dear Sir,

**REF: DUTY EXEMPTION ON CAPITAL GOODS FOR CERTIFICATE OF INCENTIVES NO. 043071  
OF 23<sup>RD</sup> JUNE 2016**

**SUB: CLARIFICATION ON THE EVIDENCE FOR DELAY TO START THE PROJECT**

The heading above is referred.

We have delayed to start the project as it was planned due to the following factors:

1. We received the TIC certificate on June 2016 but during that time we were already applied for the EIA certificate.
2. NEMC grant us the EIA certificate on April 2017. Still we suffered to get the loan.
3. We were expecting the TIB development Bank to finance the project but at the moment the institution was facing a lot of difficulties which include under capitalization and raising funds from the foreign market. So this lead to the change from TIB Development Bank to NIC Tanzania Bank also they failed to grant us the loan. Lastly we moved to CRDB Bank and the loan was approved on October 2018.

We started the implementation of our project on January 2019.

AS per attached receive the copy of EIA certificate and CRDB offer letter.

Thank you in advance

Ramadhani Hassan Milanzi  
Chief Executive Officer
