6. Problems which the management is encountering in executing the project

Time: the load stays on for a long time until you come to find customer

Marketing: there is a time market became low so that it's hard to do business.

Competition: the competition is high in the market due to the abundance of products

Steps/solution being taken to solve them:

Advertisement: We have advertised ourselves by sampling and making posters for our products.

Find customers and technicians to tell them about our products and give them discounts when they come to buy.

Provide price reductions due to business fluctuation.

7. Future plans for the next coming six months and planned financial commitments

- a. Extend production and supply of east Africa counties.
- b. To put roof tile factory

8. Recommendations and any other comments

As the purpose of fair competition commission is to ensure reasonable competition in view of the interests of those competing and the public interests in general.
