SUB : Resubmission of document to Tanzania Investment Centre for obtaining TIC certificate.

Dear Sir / Madam,

Please refer to the above subject. We, Azalea Fisheries Limited, are a limited liability company established on 22nd February 2017 in Tanzania. Upon establishment, we applied for a TIC certificate and received the said certificate on 19th April 2017 (certificate number 0223050). At the time of establishment we proposed to 'establish a project for assembling of fishing equipment', however due to the dynamic economic circumstance, we have since changed our project to 'processing and exportation of fish byproduct', specifically fish maws.

To proceed with our investment here in Tanzania, we requested a consultant to file the application for amendment of the proposed activities on the TIC certificate. Only recently we learned that some of the document the consultant submitted was not the right document. Attached herewith is the correct document for your reference. We kindly request your esteemed office to help us in obtaining the TIC certificate. Thank you very much for your kind support.

LIST OF DOCUMENT AS FOLLOWS:

- 1. Bank statements of Azalea Fisheries Limited**

Thanking you,

For Azalea Fisheries Ltd
