Subject: An application to extend validity for certificate of incentives no. 0223670

Respected sir,

With reference to above subject, we are requesting hereby to extend certificate of incentives no. 0223670 issued for Maisha Bottlers and Beverages limited to establish beverage production facility which was registered on 20th July, 2018 and was supposed to get operative from August, 2020. One complete filling line commissioned along with packaging section preforms, caps etc. in the year 2018 itself. During operation time we have encountered no of issues with filling line, unable to achieve yield and efficiency due to huge production loss we have to stop the line and informed to supplier all issues, supplier responded and modified the filling line till end of 2019. We both supplier and our self mutually agreed to keep the line in supplier base for easy modifications and ship the line with zero error. After this agreement the line modifications and shipment have been delayed for further few more months due to global pandemic COVID 19

Now the same production line has already been shipped for Tanzania, your kind consent for extension of incentives will help us bring it to make plant run with full capacity. We will notify your office for further update once we receive production line.

Anticipating your kind support.

Yours faithfully,

Mohammed Rashid.
