AG.DIF (F.15 & M.10-12)

MAISHA BOTTLERS & BEVERAGES LTD holds a Certificates of Incentives No. 043318 of 11<sup>th</sup> September 2017 after being incorporated in Tanzania through Certificate No. 135462 of 29<sup>th</sup> May 2017.

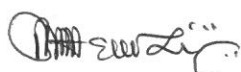

M/s Maisha Bottlers & Beverages Limited hereby request for an extension of project implementation period. The project so far has been implemented for three years as September 2020.

The request is based on the fact that the ordered machine had a manufacturing defect that caused irregularity in function after installation as a result installation of the second line was delayed to pave way for rectification of the new line before shipment.

In doing so the time laps coincided with COVID 19 pandemic to make things even more serious. Some of the communication regarding the problem of the machines are enclosed to the PVV report (F.15).

Based on the above the PVV team is of the view that the application for extension of Certificate of Incentives in discussion be **extended for one** more year to enable the project attain the goal as afore planned.

Please I submit for your decision/further guidance.

14. **EXD (M.13 & F.14-F15)**

Following our observations narrated on M.13, the project holds a certificate of incentives No. 044318 issued on 11<sup>th</sup> September, 2017. The project has already exhausted three years since inception which ended on September, 2020 and an investor requests extension of one year period. This due to the fact that, the project encountered setbacks during its implementation including mechanical problems for the installed machines as revealed by the PVV team (F.15).

**DOKEZO**  
**No.**

Thus, based on the above reasons, it is our opinion that **extension of COI for one year** is ideal to enable investor accomplish its project's business plan to the fullest.

I humbly submit for your guidance.
