RE: CERTIFICATE OF INCENTIVES FOR MSALALA GOLD LIMITED

Reference is made to the heading above with respect to the company's email (F. 9). On 28th May 2021 the investor applies for amendment of shareholder and granted COI on 10th June 2021 for establish and operate gold processing plant.

In the issued COI, shareholders **Jayesh G. Shah, Pujan Sumaria Shan and Bansi Lal** nationality was recorded as Tanzanian while in reality **Jayesh G. Shan and Pujan Sumaria Shan are British and Bansi Lal is Indian.** Unfortunately, BRELA system recognized the applicant as Tanzanian based on investor's NIDA number during the application of change of shareholder status.

Based on the above information, M.11 and attached copy of passport (F.9) there was an error from our side during project evaluation. Am suggesting that we grant waive on account of the requested amendment.

I submit for your guidance.
