RE: APPLICATION FOR TIC CERTIFICATE OF INCENTIVES

We are a locally registered company with a Certificate of Incentives No: 021243 from TIC of which the company was established for developing, establishing and managing a tourist class resort with modern water sports facilities at Mkomba village in Sengerema District along the shores of Lake Victoria. We are looking at diversifying our business activities with the aim of establishing a fully integrated Fish and Poultry farm adjacent to our tourist resort on the shores of Lake Victoria at Mkomba village in Sengerema District. The project is estimated to cost TZS 1,546,500,000 in fixed assets on completion and with a capital investment of TZS 1,427,500,000.

We have been in the country for over 15 years, engaged in the design, fabrication and installation of steel structures and steel plates, heavy duty plant maintenance, earthworks and similar activities, with the major market being mining companies in the Lake Zone as well as establishing and managing a tourist class resort with modern water sports facilities at Mkomba village in Sengerema District. We have found there is a high demand on fish and poultry products in the country particularly the lake zone area where our major targeted market is the mining industry, and therefore have decided to re-invest in the sector. Accordingly, we hereby submit our application for TIC Certificate of Incentives to facilitate smooth implementation of the project.

Attached herewith please find the following basic documents for ease of reference and approval:
