Kindly refer to the subject above, the two meetings we have had in your office, and our letter to you requesting for your support to acquire land for sports city within Kigamboni municipality dated 20<sup>th</sup> October 2020.

We would like to extend our gratitude for your continued support towards success of this significant project and furthermore notify you that we have received great support from your team and TIC during last time we visited prominent 115 acres that met our interest in Mwasonga, Kisarawe II, and we are ready to execute acquisition processes through property developers, Terranova.

As one of the process requirements, TIC have advised us to request your office to issue us with "**Letter of No Objection**" indicating that the interesting land comply with intended land usage activities as well as authentication of the land.

This, along with a few more requirements that we have already engaged corresponding bodies to process parallel is very vital towards getting things in proper move.

We would stress again, this is for Kigamboni and we are looking forward to your continued support and cooperation towards achieving this project that will amazingly lift up and change Kigamboni.
