

20th October 2020

Municipal Director  
Kigamboni Municipal Council  
Gezaulole  
P.O. Box 36009  
Dar es Salaam

Dear Director,

**Subject: REQUEST FOR SUPPORT FOR SECURING LAND WITHIN KIGAMBONI MUNICIPALITY**

Please receive compliments from Arabia Group Construction Limited.

Our company is engineering consulting firm, newly and officially registered in Tanzania. We are looking into establishing a Sports City, a project we have named as Tanzania Sports Centre and our interest area for this investment is Kigamboni after having studied and found it to be fast developing and prospective area in Dar es Salaam region.

We have already done some presentations on our project with relevant staff within your office as introduction and preliminary efforts towards introduction and sourcing for Government's support to the project.

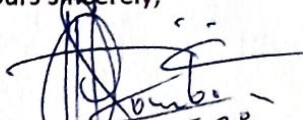

We came to learn that NSSF has a piece of about 200 acres of land in Mwasonga, Kisarawe II and we have already started enquiries on their interest to sell it through the office of Director of Investments.

Along with above process executed with NSSF that we are kindly requesting for your support, the purpose of this letter is to further request support of your good office, if possible securing another area of about the same size within your municipality as an option and for comparison on best suitability and cost.

This is for Kigamboni and we are looking forward to your continued support and cooperation towards achieving this project that will amazingly lift up and change Kigamboni.

Thank you in advance.

Yours sincerely,

Mkumbukwa Paul Mkombozi  
The CEO
