F.3 refers. Through F.1 the investor applied for TIC registration submitting Letter Ref No. CCA/LD/133260/11 of March 25th, 2021 that introduced Intracom Fertilizers for consideration regarding ownership of plot No. 923 block 'D' Naka Industrial Area. The evaluation took on board the quoted plot and it was included in the issued COI but later on <sup>it was noted that</sup> Dodoma City <sup>had</sup> issued Intracom with a letter ref. no. CCA/LD/133360 <sup>that</sup> mentions plot No. 929 block 'DD' Naka Area as the location for the project.

Having on F.3 there was no mistake on the side of the investor so I suggest that the requested amendment be granted to the investor at zero charge.

I submit the request to amend project location due to error Plot No. 923 instead of 929 issued by DCC. Also recommend waiver.
