Dear sir/Madam

REF: SEEKING FOR CERTIFICATE OF INCENTIVES

We **HOUSE OF GARMENTS COMPANY LIMITED**, we are a company fully registered in the United Republic of Tanzania, our Company is prospecting to establish a Company that will deal with textiles and garments manufacturing.

We are writing to your good selves with the humbler prayer of seeking for granting a certificate of Incentive with the following rationales

- (a) The raw materials will be bought from local farmers in cotton producing regions which as a result will boost their income and improve their daily livelihoods
- (b) Tanzania and other neighboring have been faced with influx of second hands garments and textiles from European countries and United states of America, as a result the government is losing a lot of foreign currency during importation of the second hands textiles, moreover the country is used as a dumping site poor quality and used clothes and textiles
- (c) The manufactured clothes will be exported to other African countries therefore the country will get a lot of foreign currency hence stabilize our trading relations with the Country that we will be exporting our textiles and garments
- (d) We are planning to support the government policy of reducing importation of used textiles and garments, and these can only be done by having sophisticated machines that can produce garments and textiles products in the United republic of Tanzania

We further pray that the Certificate of Incentives application should be expeditiously dealt with so that the Applicant can focus on the planned investment.

Thanking you,
Yours truly,
