Dar es Salaam Tanzania

Subject: Registration of Villa Construction Project in Ruaha National Park

Dear Sir/Madam,

I am writing to formally express my intent to register a transformative project with the Tanzania Investment Center, outlining the construction of villas for tourists within the breathtaking Ruaha National Park. This ambitious venture seeks to drive tourism in Tanzania by providing high-quality accommodations and fostering sustainable growth within the local economy.

The project, with an anticipated initial investment of USD 1,500,000, aims to create an exclusive destination for tourists seeking an enriching experience amidst the natural wonders of Ruaha National Park. The villas will blend seamlessly with the pristine surroundings, offering visitors an authentic taste of Tanzania's vibrant culture and wildlife.

By pursuing this endeavor, we envision substantial advantages for both the local community and the Tanzanian Government. In terms of employment, the project will generate numerous job opportunities, supporting the livelihoods of the local populace and contributing to their economic well-being.

Furthermore, the initiative will contribute significantly to tax revenues, thereby bolstering the country's fiscal stability and enabling the government to invest in vital public services and infrastructure. Additionally, by attracting foreign visitors and promoting tourism, the project will enhance Tanzania's foreign reserves, positively impacting the nation's economic standing on the global stage.

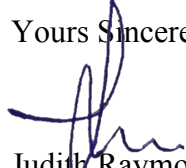

We are fully committed to adhering to all legal and regulatory requirements set forth by the Tanzania Investment Center and other relevant government bodies. Our aim is to work in harmony with local authorities and communities to ensure the project's success while upholding the principles of sustainability, environmental preservation, and social responsibility.

I kindly request your guidance and support throughout the registration process to ensure seamless integration and compliance with all necessary procedures. I am eager to contribute to

the growth and prosperity of Tanzania by making this significant investment and driving the tourism sector forward.

Thank you for considering our project. I am available at your earliest convenience to provide any further information or clarification required

Yours Sincerely
