**RE: REQUEST FOR SELFINA EAST AFRICA TO BE REGISTERED WITH TIC**

Please refer to the above captioned matter.

SELFINA East Africa Limited is registered with BRELA with a Certificate of Incorporation number 140993697 dated 8<sup>th</sup> February 2020. We have the honor to apply for Registration with Tanzania Investment Center.

SELFINA EA, Rokosan Limited of Slovak Republic and KOM, are planning to invest in a factory for producing organic fertilizer which will use hooves, horns and feathers as raw materials. The investment will include a factory which will be based in the Coast region and three main collection centers and a number of basic collection centers which will be spread out in the country.

The project will start with repackaging the organic fertilizer to help sensitize the market while the factory is under construction.

The Joint Venture will later invest in:

- Construction of Organic Food Processing Plant for production of Jam, Juices, Canned Food, Processed Meat products and other food products
- Construction of Fiberglass and Resin Composite materials plant.
- Construction of Animal Probiotics Factory based on humic acids
- Solar Power Plant to make production process Sustainable and Self Sufficient

Please consider our request positively and register SELFINA East Africa under TIC. Please find attached a letter of intent of offering SELFINA EA Ltd land within the Coast Region.

Yours Sincerely,

  
Dr. Victoria Kisyombe

Managing Director
