Dear Sir,

**RE: COMPLTING STEEL MILL PROJECT FOR CERTIFICATE OF INCENTIVES
NO: 042859**

We are a TIC approved project with certificate of Incentives No; **042859** Which is valid up to **May 2020**.

The Company has been registered with objective of **Producing High Quality Hot Rolled Steel Section Black Pipes, plates deformed Bars and related products.**

Due to outbreak of **Covid 19 disease** and shortage of Capital for Investment, our project could not be completed. We have experienced a challenge in acquiring the goods from where we wanted to import them as the disease had spread and most of the companies were closed or working way behind its capacity and were under strict lockdowns by State Controls. As Capex was in shortage to execute the envisaged projects, we have now managed to get bank finance with CRDB Bank. We also hereby notify you that the list approved by TRA for this project has not yet exhausted due to the delays as stated above.

We are importing Prefabricated Building Materials made of Steel Structures **450Tons** in 4Lots and Lot 1 (138.349 tons) is in transit, with expected arrival of the vessel on 07th October 2021. Find enclosed shipping documents for references i.e., **Commercial Invoice # 1999/2021-2022, Packing List and Bill of Lading # ECN0223052**

We request your goods office to allow us to complete the projects we have envisaged which is beneficial also to Tanzania by way of more employments and in turn will contribute more to the government exchequer.

Yours Sincerely
For **LODHIA STEEL INDUSTRIES LIMITED**

Arun Lodhia
Chairman and Managing Director
