**RE: LETTER OF INTEREST.**

The heading above is concerned,

We acknowledge receiving your letter dated 3<sup>rd</sup> February, 2021 of your intention of building a cement grinding plant at Kahama Municipality.

Take note that after your representative visiting several sites which the Council has planned for Industrial developments, we agreed to acquire the 125 acres at Chapulwa Industrial area subject to compensation according to the laws of Tanzania. Please be informed that the Survey has been approved which is Plot No 71 Block A Chapulwa, as now we are proceeding with valuation process.

That being the case, while we are working on Valuation, I think it is wise to proceed with Tanzania Investment Centre for their action. Hereto attached is the copy of the said approved survey.

We are assuring our necessary support to make your Company Invest at Kahama.
