19TH AUGUST 2022

DEAR SIR/MADAM,

RE: WINGU TANZANIA HAS NOT STARTED PROJECT OPERATIONS TO BE ABLE TO PRODUCE PROGRESS REPORT

Kindly refer to the heading above.

WINGU Tanzania registered a project with TIC in January 2022. Since then our Directors were organising resources to be able to start on time. The directors are ready to come and start the project, however it was discovered by the Labour Department that discovered that the nationality of Mr **Nicholaus David Lodge** was wrongly recorded as indicated in the cover letter.

We have not done much with a project to be able to produce a report. We would like to request your good office to quickly process the amendment of the TIC certificate (nationality of Mr Lodge from United Arab Emirate to British) to allow our directors get work permit and resident permit on time to kick-start implementation of the project.

We commit to submit the report as soon as our directors are in Tanzania and the project starts.

It is our sincere hope that our request will be met with positive consideration,

Yours Sincerely,

A blue ink handwritten signature, appearing to be 'Nicholaus David Lodge', written over a dotted line.
