RE: APPLICATION FOR CERTIFICATE OF INCENTIVE

The heading above refers.

MINERSTATION (TZ) LIMITED is a precious metal mining company involved in the commercial mining and processing of gold. The discovery of a gold reserve field has necessitated the expansion of our operations to cover this opportunity. The gold mining and processing plant will be carried in Kasaka and Kelezia villages both near Ushirombo Township in Bukombe District, Geita Region of Tanzania.

Thus, we are applying for registration with Tanzania Investment Centre so as to meet investment requirement and also enable our projects to be recognized by Tanzania Investment Centre as our umbrella.

However, during the period of registration and after registration the company's contact persons with their mobile phone numbers will be as follows below:

It is my hope that my application will be taken into consideration.
