RE – INCENTIVE CERTIFICATE EXTENSION FOR CAPITAL GOODS IMPORTATION
FACILITATION REF: 022280/ 2019.

Refer to the heading quoted above,

Having our organisation incentive certificate with TIC; expire since 15th February 2022, where our capital goods importation was long seized based on pandemic (corona infection) from the suppliers sources, subsequently delay a huge part of the project accomplishment to manage the required task in a given duration (3 years).

I hereby request to your kindly consideration to be granted the incentive certificate extension; that will enable us import the remaining construction equipment's, for finalising given project as stated above.

Please Note, we had approved deemed goods list/ capital goods attached; that we had only imported partially; due to the restrictions experienced from country of origin, but now since all obstacles have been waived, we wish to proceed our apprehended operation, asking to your support on the extension to our incentive certificate duration; to facilitate on importation of the said goods.

We intend to import related Capital Goods (A proved list attached); as well other construction equipment, upon your extension approval.

The attached kindly find all related documents for your perusal, asking to your consideration and look forward to your kindly support.

Yours sincerely,

COST CONCRETE POLES LIMITED

Peter Mwanga
Managing Director.
