

Our Ref. SSF/AD63/2022

28<sup>th</sup> June 2022

Executive Director  
Tanzania Investment Centre  
P.O Box 938  
DAR ES SALAAM.

Dear Sir:

**REF: REQUEST TO ACTIVATE IMPLEMENTATION OF THE INVESTMENT PROJECT  
WHICH WAS APPROVED AND PUT ON HOLD FOR IMPLEMENTATION**

Kindly refer the above captioned subject.

Foremost, we would like to express our thanks and appreciation to the 6<sup>th</sup> Phase Government under the leadership of H.E Samia Suluhu Hassan, President of the United Republic of Tanzania, for the dedication and determination to promote and facilitate investment in the country through TIC. It is pleasing to note that these efforts have started to bear fruits and promise significant contribution on economic development of our country.

We are writing with reference to our letter to you dated 4<sup>th</sup> March 2016 with reference No. SSF/AD52/2016 in which we notified your good office to put on hold implementation of the Project which was then approved under TIC incentives due to the adverse economic situation that prevailed in the country at that time and made it economically not viable to proceed with our Strategic Investment Plan.

You will kindly recall that adverse economic situation was intensified by the "Coalition of the Will" by some of the EAC partner states (i.e., Uganda, Kenya and Rwanda) by then which impacted transport operators of Tanzania directly. The situation was further aggravated by massive global commodity price drop-down coupled with the impact of global Covid – 19 pandemic that made investment climate not economically viable and compelled us to postpone our investment plan.

Page | 1

Following to the recent positive economic development which has opened our country to several investment opportunities, Tanzania has become one of favourable destination for many investors.

As such, we are so pleased to share with you that, as a local content organization, we have successfully and exclusively won the opportunity to provide massive Logistics Services to the construction of the East African Crude Oil Pipeline (EACOP) from Hoima Uganda to Chongoleani Tanga.

The process to achieve this milestone was extremely competitive and was executed through Global Tendering Process which involved over 11 multinational organizations and ultimately SSF was selected as a Main Logistics Contractor.

This Mega Project of unique national interest, necessitate that we must execute massive investment plan of over 300 special purpose trailers and trucks together with other supporting equipment. Total investment is estimated to be worth of over USD 50 Million and need to be executed immediately.

In view of the foregoing, we would like to kindly request you to reactivate Project Implementation Plan which was approved earlier but was put on hold due to factors beyond our control that made it economically unsustainable to proceed. This activation will facilitate this massive investment to proceed effectively and make our participation in this mega project as a local content organization a great success.

We will appreciate for your expedited facilitation of this request, and we thank you most sincerely for your continued support and cooperation.

For and on Behalf of:

**SUPER STAR FORWARDERS CO. LIMITED**

**S.A Seif**

Managing Director
