27th May, 2022

Dear Sir,

**RE: APPLICATION FOR EXTENSION OF IMPLEMENTATION PERIOD
FOR CERTIFICATE OF INCENTIVES NO: 022248 OF 05 APRIL 2019**

Please refer to the above captioned subject, we are applying for the renewal of our certificate of incentives No: 022248 of 05 May, 2022 which have been expired on January, 2022.

M/S SANLG WORLD WIDE INVESTMENT LIMITED being a project for establishing and operating Motor cycles and Farm Trucks assembling Plant. has applied for renewal of the Implementation period due to various economic reasons and the Pandemic.

1. Covid 19 Pandemic has affected industry implementation especially in the importation of capital goods; Plant & machinery, equipment and expertise from the country of origin/ china was difficult. The Lockdown due to pandemic made the business nearly collapse in great percentage. Since it was not easy to get them from China. Since then the Business has now recovering from this downfall which had a lot of impact in our Industry progress.

2. The Company also request the extension in order to complete the investment proposal which was not fulfilled in time due to pandemic and delay to get Duty remissions from East Africa Secretariat.

3. The Company has not exhausted the Duty remissions granted by EAC Secretariat.,

We are anticipating that our request will be granted. Attached herewith Please find The Previous EAC gazette for Duty Remissions, Progress Report, Photos of Assembling Plant, Original certificate of incentives.

Kindly Regards
