Subject: Application for new project registration of Enza Zaden Africa Ltd for Certificate of Incentives.

Dear Sirs,

We herewith apply for the Certificate of Incentive for Enza Zaden Africa Ltd, a joint venture between Enza Zaden Beheer B.V. located in Enkhuizen, The Netherlands and Triachem (Tanzania) Ltd located in Arusha, Tanzania.

You may kindly note that our company has been in operations since 2003 and it is our 19th successful year in progress, and it could not have happened without TIC help and cooperation. We thank you and expect the continual support in the forth coming years to come.

We have decided to go for one more new investment manufacturing project under high tech condition for seed production and processing for high quality hybrid vegetables of the farm where we still have the additional land for development for the increasing demands of the market.

The current new investment shall add a further high technical condition greenhouse area over 18,000 square meters. The amount involved is around **Euro 6.602.600 million (Exceeds the Minimum requirement of USD 500K for considering the application)** and it is being funded by an additional loan from parent company Enza Zaden Beheer B.V.

The basic advantage is the increase of capital base, and it shows the long term intentions of the company to stay put in Tanzania creating more opportunities to all stake holders and local employment.

We have enclosed all the required documents and with a hope that TIC shall process the application favourably as we intend to kick of the project as early as June 2022.

Enza Zaden
Africa Ltd.

The documents are enclosed:

1. Application form
2. Bank Statement
3. Board resolution
4. Business Plan and market study and feasibility.
5. Company's Memorandum and Articles of Association.
6. Certified of company Incorporation.
7. Evidence of Land Ownership for the Location of the project.
8. Board resolution for the intended investment.

Note that project of new investment and rehabilitation which is going to be around **Euro 6.602.600 million** is going to be implemented over a period of 2 years starting from 2022. The project implementation is explained in the business plan and hence no separate schedule is enclosed.

We request your kind priority as we like a priority sector, all our produce has been exported and our sole income has/had been from seed exports and going to be same for the future years to come.

Should you require any more details or explanations, do contact us to clarify to proceed faster and forward.

Thanking you in anticipation,

Yours sincerely,

C.W. SALOMONS,
GENERAL MANAGER E.A

Encl: as above.
