Good Day Tanzania Investment Center ,

The Directors of the East Africa Seaweed Company, Renae Bruce-Miller and Judith Sears seeks to apply for a Certificate of Incentives from The Tanzania Investment Center to expand our business objectives and opportunities.

The East Africa Seaweed Company is Tanzania's latest active partner in the development of the Blue Economy, to create sustainable employment opportunities for coastal communities.

According to the World Bank: "The blue economy is the "sustainable use of ocean resources for economic growth, improved livelihoods, and jobs while preserving the health of ocean ecosystem."

H.E. Samia Suluhu Hassan current President of Tanzania, also defined the Blue Economy as a priority in her first State of the Nation address and it is in this spirit, that we set out to develop sustainable methods of harvesting wild seaweed and purchasing wildcrafted seaweed from farmers across the coast.

We also organize beach cleaning community programs and employment opportunities within various coastal based enterprises, while integrating education and awareness towards sustainable practices to preserve the delicate balance between the gifts of the sea and the life of humans who depend on it.

Your Cooperation in this matter is greatly appreciated in this matter

Sincerely,

Director East Africa Seaweed Company Limited:

Renae Terri-Anne Bruce-Miller (255) 744-303-259

Assistant Director

Judith Graham Sears (1215)9177960
