RE: APPLICATION LETTER FOR CERTIFICATE OF INCENTIVES

Please refer to the above subject matter.

We would like to introduce ourselves as Maximum Energy and Minerals Limited as a sister concern of Maximum Companies Established in the year 2014, “Maximum Group” is a leading economic force in Tanzania with major investments and successful operating companies in key business sectors. The Group employs more than 30 people across the country, in areas as diverse as Trading, Agriculture, Manufacturing, Energy and Minerals.

The market for Coal in the region as well as globally has experience tremendous growth in the past 10 years with demand almost doubling during this period. Currently "**MEML**" have a Land size is **54** Square kms whereby 0.8 Square kms is Primary Mining License (PMLs), **19.05** Active Prospecting License (PL) and 34 Square kms Application Prospecting License (PL) in the hand with a customer base of 200,000 MT. per Month. In addition, “MEML’ having a target to expand its capacity for mining to produce 400,000 MT. Per month.

The company has planned to set up a coal to liquids (CTL) plant with the production capacity of 20,000 barrels per day. The plant will be installed at Ludewa district Njombe region in Tanzania. Maximum Energy and Mineral Limited owns a reserve base of 323.18 million tonnes of bituminous coal, and therefore committed to bring this project to life. The planned plant is expected to reduce Tanzania’s dependency on imported oil by approximately 30%.

We would like to register the project of coal to liquid with Tanzania Investment Center as it is a one stop facilitation center and to be granted the Certificate of Incentive.
