Dear Sir/Madam

**REF: APPLICATION FOR THE CERTIFICATE OF INCENTIVES TO
SUPPORT THE INVESTMENT/OPERATION ACTIVITIES OF THE PROJECT
TITLED "THE SARDINE FISHING INDUSTRY – LAKE VICTORIA" IN
MWANZA REGION**

Please refer to the captioned subject.

Millennium Engineers is hereby writing to apply for the certificate of incentives from your esteemed office purposely to facilitate the investment and operations activities of the Sardines Fishing Industry Project – Lake Victoria. Specifically, we are looking forward to benefits from the incentives offered by the Tanzania Investment Centre on the areas of importation and operations of project equipment (solar lanterns and solar drying facilities).

Millennium Engineers is a Tanzanian renewable company specialized in solar and wind energy technologies. The company was legally registered on 7th June 2016 by the Business Registration and Licensing Agency (BRELA) with registration number 126940. The company develops customized business projects by looking into the needs of a specific community, industry, or sector then developing a solution using either or both energy technologies while working alongside the customer to ensure the solution caters to their needs while still addressing cost, culture, efficiency, the environment and governing country policies.

Millennium Engineers has secured funding from EEP Africa, DOEN Foundation and Rural Energy Agency (REA) to undertake a socio-economic oriented project (Sardines Fishing Industry – Lake Victoria) that aims to transition the low-income sardine fishing industry in Lake Victoria, away from kerosene & lead acid battery lanterns and traditional conventional methods of drying towards cleaner, more affordable renewable energy solutions. Millennium Engineers intends to deliver the service of lease-to-own solar lamps and flotillas for night sardine fishing, and setting up solar drying facilities for sardine. The community stands to benefit four-fold environmentally, economically,

Millennium Engineers Enterprises Ltd.

socially, and through gender impact. The project's success is measured across a triple bottom line; generating more income for fishers' families and community, addressing pressing social issues, and significantly reducing CO2 levels.

Thank you for reviewing this request letter and the accompanying documents. We hope that you would find this project worthy of support from Tanzania Investment Center.

I look forward to hearing from you at your convenience.

Yours Sincerely,

Diana S. Mbogo

Managing Director

Millennium Engineers Enterprises Ltd.
