

PURANDARE INDUSTRIES (TANZANIA) LTD.

(Sustainable Sugar Cane Growth)

Dated : 08.08.2022

Executive Director,
Tanzania Investment Center,
Dar es salaam.

Dear Sir,

Sub : Extension of Validity of Certificate of Incentives No.043184.

With reference to the subject mentioned above we wish to inform you that, the validity of above mentioned certificate is expiring in August-2022 and It will take another one year to start the production as per attached progress report. Hence you are requested to extend the validity of Certificate of Incentives for further one year.

The project was registered with TIC in January-2017 but the land was allotted in May-2019 hence we lost **28 months** period. After that we applied for EIA certificate with NEMC, which was received by us in AUGUST-2020 here we lost **15 months**. The total period of **43 months (3 years and 7 months)** was lapsed in getting land allotment and NEMC certificate.

Now all permissions are received and we have already started the work at site. More than Tzs.500 million are already invested. The machinery import will start from OCTOBER-22 and will be complete by JUNE-2023. We therefore request you to kindly extend the validity of certificate of Incentives for further one year. The progress report of work done is attached with this letter.

Thanking You.

Yours faithfully,

(Satish Purandare)
Managing Director.
