Dear Sir/ Madam,

RE: EXTENSION OF PROJECT ON CERTIFICATE OF INCENTIVE NO.030167-01

Refer to the above heading.

We Jongomero Camp Limited are intending to import furniture, fittings and equipment's for sole use in our camps/ properties and not for sale. This is part of the major renovation that we are currently doing to our lodge with a total investment of more than United States Dollars four million. This was occasioned by the Covid situation since 2021, and the effect thereafter especially in the Tourism sector, which led to closure, it is our hope that our new investment will enable visitors to enjoy the level of services available in the National Park and Fanjove Island in Tanzania in our lodge that we are upgrading to higher standards.

In the light of the above and in spirit to revive the tourism sector which for some times was considered dead due to operations closure, we are requesting your good office to consider granting a certificate of incentive to facilitate our bid to carry out the camps renovation and start operations targeting to start

It is our hope that our application will be considered.

Thanking you in advance.

Yours faithfully
