**1.1 Project Description/Introduction**

Union Meat Abattoir Limited’s aim is the processing of red meat at Vigwaza on Plot No 12 Block B in Chalinze District, Pwani Region where the factory will be located, hardly a kilometer from the main road leading from Dar es Salaam to Morogoro and upcountry. Union Meat Abattoir Limited applied for a new TIC certificate which was issued on the 13<sup>th</sup> May 2022 this month. Since that time the company has been involved in changing location of the plant from Misugusugu in Kibaha district on Plot No 4 & 5 to Plot No 12 Block B in Chalinze District, Pwani Region.

**2.0 Implementation Status**

We have already managed to secure the premises at Vigwaza on Plot No 12 Block B as is shown in the map below:

We have done land clearance on the plot and are now in the process of applying to the Commissioner of Customs & Excise, Tanzania Revenue Authority for duty & VAT exemption on capital/deemed capital goods as required by the law. A copy of our application letter to TRA to that effect will be copied to you as a matter of principle.

**2.1 Implementation Challenges**

During the implementation phase, the main challenges for the project was waiting for the district

authorities of the Ministry of Land, to survey plots of land in Vigwaza in Chalinze District and provide information to the public on the process of acquiring plots of land for development. We're glad we were able to secure one as shown in the above picture.

## **2.2 Planned Activities for Next Period**

Commence the importation of the machinery and equipment from outside the country after obtaining approval from the Tanzania Revenue Authority.
