Dear Sir/Madam

## Re: Application to Register for Certificate of Incentives

The above subject is referred to.

Way Clouda Tanzania Limited which is locally established, and was registration on 12<sup>th</sup> July, 2022 as Company Number 156778400 as a Service Sector for construction activities in Tanzania. The company is ready to offer its construction services and therefore applies for a TIC registration for Certificate of Incentives for its own establishment which will involve building its own offices and workshop.

The company will need machines/equipment, building materials for its workshops, specialized vehicles and other vehicles to establish itself as a civil and mason service provider. The project will cost about USD 4.03 million and we know Investment Incentives provided through TIC will help us establish the project quickly which will be easy to achieve the objective of income generation and jobs creation.
