

## ELAETE 1927 LIMITED/KIJONGO BAY BEACH RESORT PROGRESS REPORT

This is a brief progress report for our project supported by TIC.

We completed construction in late 2012 and opened the operations early 2013.  
We have 8 units. 7 of which are storied with 3 beds and 1 is a bungalow with two rooms designed for self-catering.

We have 32 staff and 2 of them are foreign.  
We have 6 vehicles.

The project has faced difficulties related to its remote location leading to low occupancy.

We have invested in marketing to overseas and domestic clients, however, Ebola scare and covid 19 pandemic have hurt.

We continue to put in funds to keep the business afloat hoping for positive changes in the general world economy.

We appreciate the support of TIC over the years.
