**Re: Funds for project**

Dear Sir,

We can confirm that we have funds from our shareholders in the form of equity and debt committed for the initial investment of 1,450,000 USD. As these funds will be received by Tanlake Samaki Ltd over the course of the 3-year, initial investment period we do not currently have them in a single bank account.

Please take this formal letter as proof that the funds are existing and committed by our Board of Directors.

Regards,

Arno Rohwedder
