Tarylin Limited is a Tanzanian limited liability company founded in Arusha, 2018, for the purposes of conducting tourism activities in Tanzania, specifically the construction, operating, and lease of safari lodges, as well as being a tour operator. The company has invested approximately two million United States Dollars as a capital investment in Tanzania from the United Kingdom to construct two safari lodges in Tanzania, namely Manyara Safari Lodge outside Lake Manyara National Park on the northern safari circuit, and Hodi Hodi Bushcamp outside Ruaha National Park on the southern circuit.

As a British foreign investor, I humbly beseech the Tanzanian Investment Centre to accept my application for a Certificate of Incentives so that Tarylin Ltd may register Manyara Safari Lodge and obtain derivative title, and all the other benefits such registration will bring.

Gratefully yours,

Timothy Flavell
