RE: APPLICATION FOR REGISTRATION OF NEW PROJECT AND CERTIFICATE OF INCENTIVES FOR TAIFA GAS CYLINDER MANUFACTURING PLANT PROJECT

Dear Sir,

Reference is made to the headings above.

Taifa Gas Tanzania Limited has a TIC Registration for establishing Liquefied Petroleum Gas storage and Distribution facilities throughout Tanzania. We have a Certificate of Incentive No **061486**, granted on **25th February 2016** and later amended as per certificate of incentive (amendment) no **0224148** of **06th August 2019**.

We have now embarked on the expansion of our business operations and we have acquired a 30 acre **Plot no 125 Block M** situated at Misugusugu - Miomboni area in Kibaha town Council for the purposes of putting up an LPG Tanks and Cylinder Manufacturing Plant.

Taifa Group of Companies has decided to extend its investments in the sector of energy by investing in LPG Cylinders and Tanks Manufacturing Plant.

This investment is in line with the Government's industrialization drive and is aimed at contributing towards the country's economic development.

Through this investment, we hope to accomplish our commitment of delivering Clean Energy to every doorstep by ensuring quality and affordable products and service delivery.

With this letter we are hereby requesting your good office to register the project and issue certificate of incentives for the same.

Kindly contact the following in-case of any clarification:

- | | | |
|----------------------------|--------------------|------------|
| - Daniel Severin | Project Manager | 0769456655 |
| - Jersey Praygod Ole Naico | Compliance Manager | 0757344211 |

We thank you for your continued cooperation and look forward to your positive response.

.....
Hamisi Ramadhani
Managing Director
