**M/S PARTAN LOGISTICS LIMITED**  
**IMPLEMENTATION PROGRAMME OF THE CARGO**  
**TRANSPORT PROJECT**

**1. INVESTMENT PROPOSAL**

This business plan for the cargo transportation project was prepared by **M/S PARTAN LOGISTICS LIMITED** for project's implementation programme in carrying on cargo transportation business. The proposed project expects to run its operations within Tanzania mainland and entire East and Central African Countries which has a very big potential market due to the improvement and economical growth especially in all economical sectors like agriculture, trade, industry, mining, transit, and export and import business.

The project's promoters/ shareholders resolved to set up facilities for cargo transportation by purchasing Heavy Duty Trucks, tractors, horse, flatbed/ skeleton, semi-trailers, Trailers, supporting vehicles (Pickups & Hardtop), cargo handling equipment, workshops facilities and other related equipment which make the proposed cargo haulage project successful and profitable and will solve the acute shortage of the modern and reliable cargo transport facilities.

The business plan also manifested and analyzed the financial, technical, human and economic resources required for the setting up the cargo haulage and also studying the market as well as assessing its economic and commercial viability. This will help the company's promoters (shareholders) in allocation of funds in acquiring the project's heavy duty trucks, tractors, horse, flatbed/ skeleton, semi trailers, Trailers, supporting vehicles (Pickups & Hardtop), workshop facilities as well as related equipment to supplement the equity contribution.

The intended cargo haulage project is basically aimed at ensuring quality service to increasing business and clientele. The project's customers are mainly involved in commercial, import & export, agricultural and industrial activities.
