RE: APPLICATION LETTER

Dear Sir, Refer to the above heading;

We are humbled to submit our application requesting an extension of our existing certificate of Incentives that you issued to us, information of new shareholders and correction of the location of the project.

We have been registered at your center and awarded certificate No. 022317 issued on 23rd September 2019. During this period, we have completed phase 1 of our project in which we have been able to build and set up the Assembly Plant and now we are ready for the second phase of production. The main reason for requesting an extension is because we could not use the incentive at this moment due to the problems that we encountered during the Covid – 19 Pandemic. During this time we could not use this opportunity because there was no any shipments from abroad due to the closer of the shipping business around the world which led to us not being able to use our incentive to any of the products that we are planning to import and use like raw materials and construction materials as well.

Initially while processing the application there were two Share holders that is Cidy Reginald Gama & Mikalu Gisler Mapunda; however, this has changed to Cidy Reginald Gama & Adam William Mhando.

GAMA INCORPORATION LIMITED

We also like to make correction on the location of the Physical Address of the project. Previously the location was 1863 Rufiji Road but the New address is **1863 Msasani Peninsula, No. 1 Nyalali Curve Masaki Dar es Salaam, Tanzania.**

Please find the following supporting documents BRELA Search to show the new share holders and registered address of the project & the lease contract for the new location.

Yours thankful;

A handwritten signature in blue ink, appearing to read 'Cidy Reginald'.

Cidy Reginald – CEO
