Executive Director,
Tanzania Investment Centre,
P. O. Box 938,
Dar es Salaam
TANZANIA
Dear Sir/Madam

RE: Application for Extension of Incentive Certificate

A copy of the expired incentive certificate due to incomplete construction of a three-storey warehouse in Kurasini area of Temeke district is attached as part of the request for extension of the incentive certificate. The reasons for the cause of the project are as follows on below;

1. The construction project of the second phase of the three –storey warehouse was not completed on schedule and therefore only the first phase was completed due the shortage of fund to facilitate the project.
2. The outbreak of the Corona virus pandemic was also another factor caused to suspend the project.

Following the expiration of the Incentive certificate, now we are starting to prepare for the start of the second phase of the three-story warehouse construction.

Kindly find a photo of the project as proof of its progress.

I thank you in advance,

I remain,

signature.....

Name: Guan hongzhong

Designation: Managing Director
