Reference is made to the above subject

KOM FOOD PRODUCTS COMPANY LIMITED is a locally registered company with a Certificate of Incorporation No. 137146 dated 15th August 2017

The company is applying to amend company shareholders and extension of TIC Certificate for two years starting in 2023

The project was delayed due to the following reasons:

- I. Delays in mobilizing foreign loans due to sophisticated procedures taking into account that the amount of loan requested is big US\$20,000,000
- II. COVID-19 disturbed the project implementation since the orders of machines from German were in 2019 at the time when COVID-19 erupted and the result machines were delayed almost 4 years
- III. Delays of technicians coming to the country to install machines
- IV. Delays of machines customs clearing at the port in **2022** not less than 50 machines containers stacked at the port which resulted in big demurrage charges, **thanks for TIC assisted the company to obtain a discount otherwise the project could be affected badly**

The project is almost completed by 85% of technicians are the site installing machines, were are requesting an extension for two years to complete the project since according to the TIC Approved list there some of the items which are needed by the project need to be imported
