Dear Sir/Madam,

**RE: APPLICATION FOR CERTIFICATE OF INCENTIVE FOR EXPANSION OF
COLOR COATING LINE PROJECT**

Please refer to the above captioned subject matter.

ALAF Limited is a renowned and an accredited manufacturer and seller of various roofing materials and allied building materials in Tanzania as well as East Africa at large having its manufacturing plant site at Plot No. 18, Nyerere road, Chang'ombe Industrial Area, Dar es Salaam.

As part of our strategic growth plan, we are excited to bring our intention of expanding our production line by adding a state-of-the-art color coating line. This new venture will significantly enhance our manufacturing capabilities and contribute to the development of the construction industry in Tanzania.

The color coating line expansion is a substantial investment that aligns with the government's vision for industrial development, job creation and economic growth.

To facilitate the successful implementation of this project, we kindly request the issuance of a Certificate of Incentive in accordance with applicable investment policies and regulations. This certificate will greatly benefit us in several ways, including tax incentives, reduced import duties on machinery and equipment, and other advantages that will help us achieve our expansion goals.

We are committed to complying with all relevant legal and regulatory requirements, enclosed with this application is project's business plan, filled TIC registration form, board resolution, source of fund, memorandum and article of association, certificate of incorporation, TIN, Tax clearance and title deed.

Thank you for your support and cooperation.

Yours faithfully,

Hawa Bayumi

External Affairs Manager- ALAF LIMITED.
