02<sup>nd</sup> June 2023

Dear Sir/Madam,

**RE: Request for Extension of TIC- Certificate of Incentives: 0224034.**

We write to you with regards to the above captioned heading, referring to the TIC Certificate of incentives of certificate number: **0224034**.

Further to the original certificate you had given us of number **022335** issued on the 15/05/2019 for the 3 years of which we had benefitted us until 14/05/2022 and thereafter we re-applied for the project extension, which was successfully granted with certificate **0224034** issued on the 06/09/2023 for a period of 1 year, that is 14/05/2023. Totaling to a 4-year Incentive period.

We therefore request your esteem office to grant us the final extension period of 1 more year in order to complete our intended purpose of business growth and investment.

I believe our request will be considered and granted accordingly, we have also submitted our latest progress report to your office on the 30<sup>th</sup> May 2023, with all the investments we have made within the 1-year extension period.

Please feel free to contact us for any further clarification.

Kind Regards,
