Dar es Salaam - Tanzania.

RE: INVESTMENT APPLICATION TO DEVELOP AND OPERATE SULPHUR DUST/POWDER FACTORY IN TANZANIA

Dear Sir/Madam;

Refer to the heading as written above.

Sulphur and Minerals Limited is a private company registered locally with a purpose of investing under Tanzania Investment Center (TIC). For the start, we are intending to develop and operate a *Sulphur Dust/Powder Factory* whereby the resulting products are used as agro-farming pesticides/implements (especially in cashews farms).

From our thorough research, we understand this agro-farming product is only being imported to meet the growing demands as there is no existing factory/company in Tanzania producing it domestically. Therefore; we intend to be the first company that will introduce its factory here and make it more affordable for local consumers and meet regional demands.

The project will be located at Kamaka Industrial Park in Coastal Region and we are in final negotiations to acquire land documents from the owners. For this purpose; we are requesting to be registered under your organization and guided accordingly as to required Licenses and necessary permits to establish our project as far as TIC is concerned.

N.B: Contact Persons to follow the application progress:

<i>S/No.</i>	<i>Full Name(s)</i>	<i>Phone No.</i>
1.	Raymond Steven Chima	+255 717 304 334
2.	Gaurav Sharma	+255 694 666 655

Please, find the enclosed herewith all relevant documents for your reference and approval.
Thanks in advance for positive consideration.

Yours Sincerely;

Gaurav Sharma.
Director.
