

RICEAFRIKA

TECHNOLOGIES

Building An **Africa**
That Can **Feed Itself.**

ABOUT *RICEAFRIKA*

RiceAfrika is a tech-driven agriculture optimization service provider in Africa. We provide a platform that connects smallholder farmers in Africa with Land preparation equipment, high-yielding seeds, quality herbicides and pesticides, affordable fertilizers, mechanized harvesting, extension services, and a structured market.

OUR

VISION

Our Vision is to build an **Africa** that
can feed itself and **the world**

FARM EASY PLATFORM

FarmEASY is a mid-stream Ag-tech mobile platform that links farming communities with service providers

The **FarmEASY** platform relies on a network of Agents embedded in smallholder farming communities.

The **FarmEASY** mobile platform matches aggregated demand from farmers with small and medium agro dealers (Service Providers)
